Assessor Comments	An outstanding run of 3 Decks - 100 Angus X Steer Weaners. Since weaning these steer have bounced forward doing, not only growing but filling out and taking shape as well, doing 0.79kg per day on dry grass and supplemented on pellets. Not only quiet and great to handle but flowed extremely well through the yards, race and crush. Vendor purchases top quality Texas Angus Bulls and is quickly gaining a very good reputation amongst buyers. Usually taken out to feeder weights, the season has cut out early offering an opportunity to purchase these weaners. One steers blue eye scar did not affect vision. These calves are 70% Predominately Black, 10% Baldy Faced, 10% being Red/Brindle and 10% White/Creamy. With all steers weighed, RFID's recorded, including weight gains etc, 1 Steers 147kg, 13 Steers 167 -193kg balance 200 - 31kg full. Please note that TopX Longreach offers 2 Decks Mixed Sex Angus Weaners & 1 Deck Xbred Weaners at neighbouring property to help with transport.
