### Wrap Up

The past 7 days has shown positivity in the wool market kicking 10 to 56 cents with the Southern Lamb market following a similar trend. Good lambs for the kill all making late \$4 to \$5.20 per kg and light kill lambs also selling to strong competition with slight store buying pressure. However the sheep market is still in a very low and sad state either over the hooks or in the sale yards they are only making \$0.80c to \$1.20/kg. TopX Longreach had great success sending lambs to Wagga Lamb Sale making well over Qld or Northern NSW rates.

## Wrap Up

Tough times in the cattle industry with it being a buyer's market. Live Export boats prove to be a good option for Brahman cattle, currently leading the pack. Saleyards and AuctionsPlus are receiving similar results. Quality still selling well on the day, but secondary cattle are definitely feeling the pinch. Please be aware that abattoirs are only booking space for mid to late November. Also, there are numerous clients and contacts looking for agistment paddocks.
